VLDS NEWS ALERT

VLDS Wins Governor's Technology Award

VLDS is honored to be named one of the winners of the Governor's Technology Awards at the Commonwealth of Virginia Innovative Technology Symposium (COVITS)

On Monday, September 9, VLDS - The Virginia Longitudinal Data System - was named as the winner in the Cross Boundary Collaboration on IT Initiatives category. The Governor's Technology Awards program has recognized public sector IT projects that have improved government service, delivery, and efficiency for the past 16 years.

VLDS is a collaboration of the Virginia Department of Education, State Council of Higher Education for Virginia, Virginia Community College System, and Virginia Employment Commission that facilitates the unprecedented sharing of quantifiable educational and workforce development data within a privacy-protected platform. VLDS complies with or exceeds state and federal privacy laws and guidelines.

For a description of all winners and finalists, visit the [COVITS Awards](#) page.
